

Middle School Science Nature Institute For Students Entering Grades 7-9

Sunken Meadow State Park

June 27 – June 30, 2022

8:00am - 2:00pm

About the Program

Participants are immersed in the natural world and gain authentic field science experience within the diverse habitats of Sunken Meadow State Park.

During this four-day program participants will explore the varied ecosystems of Long Island and their inhabitants, discover geologic processes that shaped Long Island, and will develop strategies to help conserve valuable natural resources.

Participants will also engage in interactive hikes and foster new friendships through team building activities.

Program Highlights

- STEAM activities
- Hands-on investigations
- New friends
- Orienteering
- Seining
- Hiking
- Authentic field science research
- Engineering challenges
- Habitat exploration
- Naturalist-led animal encounters

Cost
\$465

This is not a Half Hollow Hills School District sponsored or endorsed activity
