University

Engineering Education Project
presents

Smart Night Light Engineering Academy

Monday, July 5 to Friday July 9
10:30 to noon

APPROVED FOR DISTRIBUTION

JUN 11 2021

DR. PATRICK HARRIGAN
SUPERINTENDENT OF SCHOOLS

Open to current 6th and 7th
grader students
Space Is limited!!

Registration required:
https://tinyurl.com/SmartNightLightSum21

Questions? Contact the program director at kathleen.dinota@stonybrook.edu

Participate in hands-on engineering experiences instructed remotely via Zoom meetings!

Learn about:

- electrical circuits
- breadboards
- printed circuit boards
- engineering design cycle
- design optimization
- introduction to programming

Participants will build a pre-programmed smart night light. All materials and instruction provided.

Cost: $100 per participant
