POINTS TO CONSIDER: (2019)

On July 15, 2019, the United Nations published its latest report on The State of Food Security and Nutrition in the World. This report estimates that the number of malnourished people in the world is **820,000,000** persons (1 in 9). **How can social media be used to stop world hunger?**

Some questions to consider:

How can social media be used to stop world hunger?

How can students and teachers use social media to learn about world hunger?

How can students and teachers use social media to inform others about world hunger?

How can social media help to humanize those who are hungry?

How can social media be used to spread awareness about world hunger?

Which social media apps are most effective in helping to stop world hunger?

How do hunger organizations use social media to stop world hunger?

How will you use social media to help stop world hunger?
