We support kids with food allergies. Our teal pumpkin means we have non-food treats available!

The Teal Pumpkin Project exists to help create a safer, happier Halloween for all children. Taking part of the Teal Pumpkin project is simple by following these easy steps:

1. Provide non-food treats for trick-or-treaters. Non-food options, like glow sticks, promote inclusion for trick-or-treaters with food allergies or other conditions.
2. Paint a real pumpkin teal, or, purchase a pumpkin from a local retailer or online. Products bearing the official Teal Pumpkin Project logo help to support the food allergy community.
3. Place the teal pumpkin in front of your home. The teal pumpkin indicates to passersby that you have non-food treats available.
4. Display the sign above. This will help explain the meaning of your teal pumpkin to visitors to your home.
5. Embrace the teal! Teal is the color of food allergy awareness.
