The Cody L. Byrnes Memorial Foundation is a not for profit company founded for the purpose of providing scholarships for deserving athletes in our communities.

Cody Louis Byrnes was just 21 when he passed away in December of 2014 after battling six long years with two different cancers. Cody's first love was soccer. It is our hope to award academic scholarships to those players in need of support. Cody will be honored in this way to keep his memory close to our hearts.
